Himachal Pradesh.

Subject:- Regarding On-job training of the vocational students

Sir,

As you are aware that eleven trades/ subjects are being taught under vocational education in the State . The main objective of vocational education is to enhance the employability of youth through demand driven competency bases , modular vocational courses , to bridge the divide between academic and applied learning . To enhance the technical / professional competence of students , Government of India has mandated that students would be required to complete minimum of 80 hours of workplace learning or on job training . This will also helps students for exploring new and expanding opportunities in the labour market .

It has been decided that on -job training be imparted in phased manner , therefore , you are directed to plan the on-job training accordingly and this office may be intimated accordingly.
